Order and Payment Procedure and Policy

Step 1: Selection

Each item is described in detail in a webpage dedicated to that item. The cost of the item (taxes included) and, in most cases, its shipment cost are indicated upfront (large items that need to be shipped via a private courier are subject to a personalised price quote).

~~Click on 'YES, I want to buy this' at the bottom of the page description if you are interested in buying the item you can click on the 'Contact' button to send an email to DelAgan. ; you will be redirected to the next step of the process.~~

Step 2: Placing your order

~~You will be redirected to the 'Enquiry and Order Placement' page that contains general information as well as a contact form. Here you can ask for more information, place your order, and get a quote for the shipment of a large item. Sending me an email does not imply a purchase obligation.~~

The email is to contain the following information:

- ~~1) The item(s) that you wish to buy~~
- ~~2) The address to where the shipment needs to be delivered (unless you wish to pick up the item yourself in Genval, Belgium)~~
- ~~3) OR simply ask me for more information~~

Formatted: Strikethrough

~~You will be asked to accept the Terms & Conditions at the time of sending the message. This does not imply a purchase obligation but is just a confirmation that you are aware and accept the terms & conditions.~~
Step 2: Information request, Placing your Order, Providing your details if relevant
Based on your questions and return answers in regards to the item(s) you wish to purchase, shipment information etc, DelAgan may ask you, when relevant, to provide details such as your address. This information is for the next step. Please check your junk e-mail folder in case my return emails ends up there.

Formatted: Underline

Step 3: Proforma invoice/price quote for your approval and reservation of item

Your above information will enable the confirmation of the total cost (shipment cost + item cost, as provided in the product page), OR the additional calculation of the shipment by private courier if a larger item is concerned. You will receive, via return email a day (or max two) later, your cost confirmation via a proforma invoice. A proforma invoice serves as a price quote/confirmation and does not entail a payment/purchase obligation.

The item will be put on reserve for you as of when you are sent the quote/proforma invoice. This reservation status lasts maximum five days (week- and weekend days)

Please check your junk e-mail folder in case my return emails ends up there.

Step 4: Payment

If you agree with the final cost indicated in the proforma invoice and you wish to purchase the item, then please proceed by paying the invoice. Payments are carried out by PayPal or traditional bank transfer (cash can also be accepted if you are picking up the item yourself).

The item will be put on reserve for you as of when you are sent the quote/proforma invoice. This reservation status lasts maximum five days (week- and weekend days); if your payment is not received within that time the reservation will be cancelled. Processing the payment implies that you have accepted DelAgan's Terms & Conditions, which serves as the contract of sale between us.

Step 5: Confirmation of purchase, sales Invoice, and shipment

Once I have received your payment, I will send you a confirmation email within the day (max. 2 days/48 hrs). This email will contain 1) your final sales invoice confirming the payment; 2) information relevant to the shipment of your item(s): either the shipment confirmation with expected date of delivery & tracking information, or the arrangement of further details if your shipment needs are more complex. The item will be marked as 'sold' on the website when your payment is received.

The payment of an order, as per the received proforma invoice, constitutes a formal acceptance of our terms and conditions, which are always available through our website and can also be printed in pdf version.

Returns & Refunds

What about returns and refunds?

You have a right to change your mind in the unfortunate event that you want to return your chosen product to us.

You have a right to a full refund, but the following conditions do need to be met:

- First notify us by email/letter that you are returning the item to us. This email/letter must be received by us within the first 14 days after you received the package (i.e when you signed for its reception). You may use the withdrawal form as per the EU e-commerce directives, which is downloadable as a PDF in the 'Returns & Refunds' section of the website.
- The item must be shipped back to us and received by us within 14 days of your sending the above mentioned withdrawal email/letter.
- The item must be returned to us **in the same condition*** in which you received it (clearly used and/or damaged items will not be refunded). You are responsible for the condition of the item until it reaches us, this includes any shipment related risks. Therefore:
 - In as far as possible, please use the original boxes and wrappings in order to protect the item during return shipment. If the original packaging is unusable after opening, please make sure to use suitable replacement packaging and protect the item (bubble wrap, etc)
 - Take good care of the item while it is in your possession.
- The arrangements and the costs of the **return shipment are your responsibility.**

We will check the returned item(s) to ascertain their condition and will confirm your right to a full refund by email; in this case the refund will include the full purchase price as well as the initial shipment cost that you paid when purchasing the item. We will refund you within 14 days after the day that the item has reached us and will do so via bank transfer.

*** Condition and damage:** Most of our items are antiques, second hand, and may have been restored/adapted; therefore they are of a certain age and they may not be in perfect 'factory-like' condition when they are sold/shipped by us. All flaws and restorations are clearly indicated on the website's product description page and are known to the customer in advance of purchasing. These flaws will of course not be

considered by us as damages incurred during your safe-keeping of the item or its return shipment. Likewise, these flaws cannot be considered as damage incurred during our initial shipment to you.

How will you be refunded?

Once we have received the item and confirmed that the goods are undamaged (please see above for conditions) we will notify you immediately to confirm that you are entitled to a full refund. We will then refund you as quickly as possible (within 14 days of the day that the item has reached us) on your bank account.

Items damaged during shipment

Please inspect your item immediately upon reception. If the item is obviously outwardly damaged upon reception please do **NOT SIGN the delivery receipt if there is the mention that you are receiving it 'in good order' (the shippers do not accept claims if you have signed this)**. If the item has been damaged in transit please report it to us within 24 hours of receipt and send us a photograph. We will refund you and pay for the return shipment if applicable.

Listed Prices

All prices are indicated in Euro and are inclusive of taxes. The 'item price' does not include shipment fees; these are provided separately. The Total cost of both the item and the shipment (as per costs indicated in the product pages) will be confirmed within the email containing the proforma invoice. DelAgan reserves the right to modify its prices for any given object at any given time. However, payment processing/invoicing will be done in accordance to the price listed at the time of placing the order.

Conformity and Guarantee

1. We guarantee that our items are in accordance with your order and meet the detailed description as provided for each item in the webpage dedicated to that item. The descriptions also include dimensions and the condition of the item at the time of sale (defaults, working order, etc). The following cannot be regarded as a defect that entitles you to a refund during the guaranty period: any flaws and defects that have been described upfront prior to your purchase, damage that was directly caused by uncareful handling of the item while in your possession.
2. Our items are second-hand goods (antiques, collectables) of an antique/decorative nature, therefore, you as a consumer, dispose over a 1-year guaranty, as per the applicable Belgian law, on items purchased from us if they do not comply with the given description or are not fit for the intended purpose of that item if other than a purely decorative antique (for example: a chair on which you cannot sit, a table that does not stand).
3. To the extent of what is possible or reasonable, a repair can be opted for. Only if repair is excessive or impossible, or impossible to deliver within a reasonable time, do you have the right to a refund or to demand the dissolution of the contract of sale. If the defect is minor, you cannot claim a refund.
4. During the 1-year guaranty period and within the legal limits, we will pay for the return shipment (if applicable) of items showing a (non-described) defect, and refund the item if agreed that a repair is not an option. Replacement of items is not possible given their unique nature.

During the first six months, you can in all cases call upon the guaranty (for non-described defects). Afterwards you have to prove that the defects of the item have not been caused by uncareful handling.
